

To Whom It May Concern:

I have known Bill Whiteside for approximately 12 years and during this time I have known him as both a valued friend and business associate.

Bill and I both worked together at Daleen Technologies in Boca Raton in the mid 90's and later Bill became a business executive with Centrack International a company of which I was President and CEO.

Bill is first and foremost a person of character, integrity and honesty. He is highly proficient in his fields of endeavor and, I should add, a perfectionist in the work that he tackles. He not only has great technical ability he also has a strong business understanding that seems to be rare among people with highly technical skills. Bill has a very strong work ethic and has never shied away from putting in whatever hours are required to complete a project on time and under budget. He possesses strong interpersonal skills coupled with a great sense of humor and an easy-going manner.

I would not hesitate to recommend Bill to any employer and would without question hire him again if the opportunity arose.

Sincerely,

**John J. Lofquist
President & CEO
Centrack International**
